

THE STATE LIFE INSURANCE COMPANY®
CARE SOLUTIONS

The important things last a lifetime

ONEAMERICA®

A person is sitting on a wooden deck next to a white building with a window. The person is wearing light-colored pants and white sneakers. The scene is brightly lit, suggesting a sunny day.

You've always done your best to protect and care for the people and things that matter most.

Let us help you continue doing so with Asset-Care®. Asset-Care isn't traditional long-term care insurance. It combines life insurance with long-term care protection. If you need any qualifying long-term care, you can use your policy to pay for it. But unlike traditional long-term care policies, your premiums won't go to waste if you never need care. Instead, your policy death benefit is paid to whomever you choose.

That's protection when you need it, and peace of mind if you don't.

Security

No one plans on *needing* care. But if you do, how long might you need it? Will it be 12 months or 12 years? Because care needs are unpredictable, we offer an unlimited lifetime option with guaranteed benefits and premiums. That way, you're protected for your *entire lifetime*, not just a few years. You won't ever find yourself worrying about running out of money to pay for care, or having to guess when or how long you'll need it.

That's security you can't outlive.

Benefit triggers: Benefit payments are triggered in one of two ways (To be eligible for benefits, the eligible (covered) person must be a chronically ill individual with qualified long-term care services provided pursuant to a plan of care prescribed by a licensed health care practitioner.): 1) You cannot perform at least two of six Activities of Daily Living (ADLs), which include bathing, maintaining continence, dressing yourself, eating/feeding yourself, toileting (including getting on and off a toilet) and transferring (like from a bed to a chair). 2) You require care as a result of a severe cognitive impairment (such as Alzheimer's disease).

**Unlimited lifetime protection
with guaranteed premiums**

You can fund your Asset-Care policy numerous ways. You can use funds from your 401(k), IRAs, annuities or other existing accounts. You can choose to pay in one lump sum or over time.

We can customize a solution that works for you and your family.

Flexible funding options

Choices

Peace of Mind

With Asset-Care, you and your spouse won't need to purchase individual policies or try to manage two sets of benefits. Even if you both need care at the same time, our joint protection option makes it easy by covering you both under one policy with shared benefits.

Joint protection

Our customers have placed their trust in the companies of OneAmerica for more than 140 years. We've been a pioneer in the long-term care marketplace for more than 30 years. We show up every single day to focus on your needs, so you can focus on the needs of those that mean the most to you.

**Financial strength
and commitment**

Stability

Support

The thought of filing a claim can be stressful. You can feel confident knowing that we will make it as easy and straightforward as possible. When you need us, your personal Care Benefit Concierge will help guide and support you through the entire process. Any time you need assistance, that same professional will be there to help.
